

# Emissions

## *Conclusions session*

BONTINCK Willy,  
Head of the Environmental Department  
SNCB-HOLDING

# Emissions

## Cleaner D project

- On track compared to the UIC strategy (-40% 2005 to 2030)
- But compared to progress of road vehicles we could lose credibility
- New technologies: potential to further reduce exhaust emissions

## Reach

- Reach is a big help to harmonise communication within the rail industry

## Indoor air quality in stations

- New upcoming subject: lets exchange practise and knowledge
